The ideally located Kenza Menara Palace hotel is just a five minute ride into the bustling city centre and Menara Airport is ideally situated and just 10 mins away.

When I plan these trips I like to stay in hotels that reflect the country and its traditions and this hotel certainly ticks that box. The hotel boasts a charming boutique shop and is situated opposite the ancient walls of Marrakesh, it also faces the Agdal Royal Gardens. A huge swimming pool to help burn off those all inclusive cocktails! A wide variety of food where we'll be dining as a group together on every evening except the day off. Yes DAY OFF!!

With 5 rounds of golf planned this timely week in the North African sunshine will help to get those golfing muscles back into action.

One day off allowing you to either relax by the fabulous pools or treat yourself to a Spa experience or even take a Hot Air Balloon Ride in the Atlas Mountains.

Visually all five courses have spectacular views of the dramatic snow capped Atlas Mountains.

From the moment we arrive each and everyone of us is part of a unique team, an experience like no other. Lora is proud that her coaching/playing holidays aren't a platform for cliques, what is guaranteed, are new friends and some fun along the way, oh and improved golf!
